

# April News

Spring is here and room 6 is so excited for all the fun activities planned this month. The weather is getting nicer, and the children will be able to explore outside more often to get those gross motor and large muscles moving. This is also the time to change out winter clothing to more weather appropriate clothing.

We will kick off April with learning all about Easter, while taking care of our own caterpillar environment and observing the different stages to form into a Butterfly.

During the Week of the Young Child, we are asking that everyone come in messy clothing. We will be exploring all week creating tie dye shirts and investigating sensory to find bugs and insects. We will also be exploring many colors of paint as we enjoy mixing colors to see what the outcome will be. Our family picnic will be on April 14<sup>th</sup> with more information to follow.

Potty Training is going well and we are encouraging all families to continue it at home as well. We have potty training packets for a guideline to help if you are interested. We are here to help, and we want to see all of our children succeed in all areas of development.
