**Notes:**

Happy New Year to all our families! Welcome to 2024! We hope everyone had a fun and restful break. We'd also like to thank our families for all our wonderful gifts and cards received. We truly appreciate everything and again we thank you all!

This month we are planning a lot of cool activities while learning new skills.

From the start of the school year, we have been working with your child on proper hand washing procedures. We are so happy to see that they are hand washing independently as well as how it's become a major part of their daily routine.

For the month of January, we will continue to practice eating with utensils, and drinking from an open cup.

As we practice using an open cup we will start with only water and work our way up to drinking milk out of an open cup.

On that note we want to thank you for your support here at school as well as at home!
