

ROOM 11 MARCH NEWS

Last month we talked about opposites/shadows, circus, feelings and dental health. We even had a surprise guest when Ms. Lynne's son Jonathan came down to show us he had lost a tooth just as we were talking about how baby teeth fall out and permanent teeth grow in their place! couldn't have timed it better if we'd tried!

In March we will talk about Dr. Seuss, St. Patrick's Day, Spring Flowers and Dinosaurs. If you have any books or items that would contribute to our theme's we would love to use them in class.

Just a reminder we have several children in our class with food allergies please do not allow your child to bring in outside food. If they have been snacking on the way to school please have them thoroughly wash their hands and face.

We need your help! In the month of March we love to pretend the leprechaun has visited our classroom. He likes to leave footprints around the room, turn our milk green and make messes all when we're not looking! On St.

Patrick's Day he leaves us chocolate coins to find when we wake up from nap. We are in need of as many chocolate coins as we can get! If we get a lot we share with other rooms. If you would be willing to donate some to our room it would be much appreciated. They can be found at Toys R Us, the dollar store, and Amazon to name a few.

The weather has been so unpredictable please be sure your child has a variety of back up clothes in their bag. please include long and short sleeve shirts and at least a light jacket.

Sunscreen: Please note that sunscreen is not a requirement. Use your best judgment in choosing whether or not and when to bring sunscreen in. Most times during the hottest parts of the summer we can only be outside for 15-30 minutes due to ozone codes. If your child needs sunscreen we do request the spray kind as they are easier to apply. Reminders: We only apply sunscreen in the afternoon. Sunscreen forms are required and are available upon request. Thank You
