

# Room 9

Ms. Pam & Ms. Alicia

Parents, Room 9 is so excited to welcome the beautiful colors and crisp air of Fall! During the month of October we will be Exploring/ life cycle of a pumpkin, Fairytales, Nursery Rhymes, and Halloween- the difference between make-believe/real, and community helpers/fire safety with Curious George. We will have our yearly visits from our community helpers, as well as our trike-a-thon. We are happy to support so many organizations like St.Jude's Hospital this month. As someone who has gone through her own challenges with cancer, Mrs. Laurie will be taking part in this fundraiser by reading Alex's Lemonade Stand about a little girl diagnosed with cancer to help the children to understand why we are raising money for St. Jude's Organization. Then we will end the month with Spooky Halloween arts/crafts and our Spook-tacular Party! The children will also go from class to class and trick-r-treat in their costumes.

At home:  
Parents, please review and have the children practice writing their letters, sight words, punctuation, and numbers for the week.

To make it fun, you could play "I Spy", or use shaving cream, dry erase boards for writing, or place a magnetic word or letter for the day on the refrigerator.

**\* October 1st\***  
(21- day Challenge)  
Read to your child aloud at least 15 mins every night.
