

## May Newsletter Room 6

This month we will be talking about Mother's Day, Dinosaurs, Space, and the Beach. It should be another fun month!

Please check the spare clothing in your child's backpack to make sure it is weather appropriate as the days are beginning to warm up. It is important to have an extra set of clothes on hand including socks and shoes. This is especially true for the children toilet training. We are also watering plants outside and not all of the water always makes it onto the plants.

We continue to play games outside such as Red Light Green Light and What Time Is It Mr. Fox. These games get us moving but also require listening, following directions and (for Mr. Fox) counting. Games that require counting steps are another way to teach the value of numbers. Three is a nice word to know but it is important to learn what it represents. We use hula hoops-not to twirl around our bodies but to roll, spin and play games with. We use them to play a toddler version of Musical Chairs.

Indoors we are enjoying music and dancing. Even our most reluctant dancers cannot help themselves when certain songs come on.

We continue to stress independence and trying to problem solve. Speaking clearly to friends and teachers is the only way they will understand how you feel.
